Profile

Aspiring software engineer with experience in programming languages Python and Java. I also represented my school in basketball and currently play outside of school for a basketball academy which has participated in local leagues. I am passionate about music and the violin, and have participated in various competitions for young musicians.

Founder of brighthorizons.com:
a site that teaches programming through courses which are specifically tailored to people of determination.

Founder of fastbreakhub.com:
a website that I created for my school basketball team to track individual player statistics and game schedules.

Education

Greenfield International School | 2021-2025

IB Diploma Programme (DP) Student

- IB Predicted Points: 33
- Wellbeing Captain
 - *I was the wellbeing captain in my school and played a part in organising many events, for example a fundraiser for the people of Lebanon. I also spoke at assemblies and worked with the other wellbeing and charity leaders to improve the overall health and wellbeing of students in our school*

Work Experience

Working at Spanco

- I was tasked with creating a 3D visualization of the venue using Blender, a software used to create 3D objects
- I was given design specifications and the dimensions of the venue, and I then created a 3D model of the venue while adding all the appropriate decorations and adjusting lighting

Leadership

- I was the wellbeing captain in my school and played a part in organising many events, for example a fundraiser for the people of Lebanon. I also spoke at assemblies and worked with the other wellbeing and charity leaders to improve the overall health and wellbeing of students in our school.

Community Service

- Volunteer mentor for Dubai STEM Olympiad
- I volunteered to help in various school events including International Day and the Winter Festival

Sports/Music

Basketball

- I played for HoopMountain DXB, which is a basketball academy that enrolled teams in tournaments like the Big Game League and Jazzville
- I represented my school for basketball, and our team played in the DASSA league
- I was a student in the Centre for Musical Arts where I learned the violin – I partook in various competitions including the Young Musician competition where I played violin

Music

- I was a student in the Centre for Musical Arts where I learned the violin – I partook in various competitions including the Young Musician competition where I played violin
